

15 March 1961

MEMORANDUM FOR THE DIRECTOR

1. This memorandum recommends action in Paragraph 4.
2. The ASSOCIATED PRESS feature story about yourself and the Agency will appear "the next week or so," I learned today from the AP. I am hopeful that we will have an opportunity of seeing the text before publication, and that the AP's timing of it will not conflict with the NEWSWEEK's forthcoming article later this month.
3. The AP's Washington Bureau photographic department called today to ask permission to take a picture of you, for use with the article. (You will recall that Mr. Saul Pett asked about it, when you saw him on 7 March 1961.) The AP requests permission to make one or both of the following poses:
 - (a) One showing you at your desk, near a map or globe. (I said that I thought this might be feasible.)
 - (b) One showing you with briefcase and "bodyguard," who is said to accompany you on occasion. (I commented that I doubted whether this could be arranged.)
4. Recommend that you agree to posing for AP, under alternative 3. (a) above.
